

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert Hsiao on October 13, 2011.

The application has been amended as follows:

Claim 1, line 14 after "integrally molded" insert --in one piece--.

Claim 14, line 11 after "integrally molded" insert --in one piece--.

2. The following is an examiner's statement of reasons for allowance: It would not have been obvious to one of ordinary skill in the art to make the second anchor bolt of Reintjes (US Patent No 2879660) integrally molded with the connecting part because the parts of Reintjes depend on a threaded connection to install in the panels.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
